Sir,

Sub: Industries--Sericulture--Production-cum-
Training Centres for Silk Reeling--
Kollegal Taluk--Starting of Additional
Centres--Proposals--Submitted.

Ref: G.O.Ms.No.249-F.D., dated 9th March, 1949.

1) In their order cited, Government sanctioned a scheme for the establishment of production-cum-training centres in silk reeling on a stipendiary basis for imparting training to Reelers and Cookers for a period of 2 years in the use of improved reeling appliances. Three centres were sanctioned and the improved reeling machines were loaned to selected charka owners for two years on the expiry of which period the loanees were given an option to purchase the machines at current rates.

2) Very useful work was turned out in the above three centres especially in that the silk produced has found a ready market in view of its superior quality in respect of evenness, uniformity and winding qualities. The silk produced in these centres has fetched a price ranging between Rs.28/- to Rs.30/- per lb., i.e., about Rs. 5/- more than the best quality, charka silk.

3) As a result of the demonstration of the superior efficacy of the improved reeling machines at the above centres, and of the usefulness of the improved reeling techniques taught them many important charka reelers have come forward to open similar centres and are prepared to buy the improved reeling machines with their own funds. The Sericultural Expert, Kollegal has however reported that in order to satisfy themselves that proper quality of silk is being produced; they require to be supplied with testing appliances like skeining machines, bundling presses, Eprovettes, denier scales and silk cleaning stands, etc. He has accordingly suggested that these testing appliances may be purchased by the Department and loaned to the reelers and that technical instructions and training be given to them. The testing appliances will be loaned to the applicants for use for a period of one year giving them the option to buy the appliances after the expiry of the period, at the depreciated value as on that date. He has also suggested that in order the children of the reelers may be trained in the improved techniques of reeling full stipends should be given by Government to reelers and cookers for the first two months half stipends during the next two months and none during the next three months at the rates noted in the statement below as was sanctioned in the original scheme in G.O.Ms.No.249,F.D., dated 9th March, 1949. I agree with the Sericultural Expert and request that Government may be pleased to sanction the above modified scheme for establishment of production-cum-training centres in silk reeling.

4) The financial implications involved under the scheme are as follows:--

NON-RECURRING:

(i)	Cost of 10 bundling presses at Rs.50/- each.	500 -
(ii)	Cost of 10 Eprovettes at Rs.100/- each.	1000
(iii)	Cost of 10 Denier Scales at Rs.100/- each.	1000

The Sericultural Expert has submitted the following proposals with a view to develop the Cottage Silk Industry:-

1) Testing appliances such as skeining machines, bundling presses, ~~g~~provettes, denier scales, silk cleaning stands and thermometers may be purchased by the Govt. and lent to the silk reelers in 10 addl. centres in order that they may test and satisfy themselves that proper quality silk is being produced. The reelers should make use of them for a period of one year and thereafter they may have the option to buy the appliances at the then depreciated value; and

2) in order that the children of the silk reelers in the 10 addl. centres may be trained ^{for a period of six months at a time} in the improved techniques of reeling etc. full stipends may be given ~~given~~ by the Govt. to reelers and cookers for the first two months, half stipends during the next two months and none during the next two months at the rates noted in the second part of the Appendix to this Order.

2. The D.I.&C. has recommended the proposals of the Sericultural Expert. The

Govt. accept his recommendation, subject to the condition that the addl. centres being limited to five only. The centres will work for the present for a year, with 2 courses of six months each. The Govt. only and sanction an expenditure not exceeding Rs.1,500/- (Rupees one thousand and five hundred only) non-recurring and Rs.3,900/- (Rupees three thousand and nine hundred only) recurring towards the payments of stipend & charges shown in the Appendix, required for the implementation of the proposals.

3. The expenditure should be debited to "43. Industries and Supplies - b. Cottage Industries - F. Postwar Reconstruction - Expenditure from the Fund for Village Reconstruction and Harijan Uplift".

4. The D.I.&C. is requested to submit the draft of the agreement which the individuals obtaining a loan of the allowances units will be required to execute, for the approval of the Govt.

5. He is also requested to submit a report in due course on the working of the scheme.

Ref: G.O.Ms.No.249, F.D., dated 9-3-1949.

2. From the D.I. & C. No.3337-L1/53 d/ 21-5-53.

Please see the letter at pp.1-2 c.f. from the
D.I. & C., Madras.

2. In G.O.Ms.No.249, F.D., dated 9-3-49, Govt.
sanctioned a scheme for the establishment of production
cum training centres in three places in Kollegal taluk
in silk reeling, on a stipendiary basis for imparting
training to reelers and cookers for a period of two
years, with a view to improve the quality of charka
silk. According to the scheme, improved reeling machines
were lent to selected charka-owners for two years,
on the expiry of which period, the loanees were given
~~an~~ an option to purchase the machines at current
rates.

3. The D.I. & C. has now stated that very useful
work was turned out in the above three centres and that
the silk produced at these centres ~~has~~ found a ready
market in view of its superior quality in evenness
uniformity and winding and that as a result of the
demonstration of improved type of reeling machines at the
above centres and of the usefulness of the improved
reeling techniques taught therein, a good number of
charka reelers have come forward to open similar centres
and that they are prepared to buy the improved reeling
appliances from their own funds.

4. In this connection, the Sericultural Expert
has made the following proposals:—

(1) Testing appliances such as skeinping machines,
bundling presses, ~~ap~~rovettes, denier scales etc. may be
purchased for the use of the silk reelers in order that
they may test and satisfy themselves that proper quality
of silk is being produced. These testing machines
may be ~~lent~~ lent to the reelers for use for a period of one

year, giving them the option to buy the appliances after the expiry of the period at the then depreciated value.

(2) In order that the children of the reelers may be trained in the improved techniques of reeling etc. full stipends may be given by Govt. to reelers and cooks for the first two months, half stipends during the next two months and none during the next two months at the rates noted in the statement at 'A' on p.2 c.f.

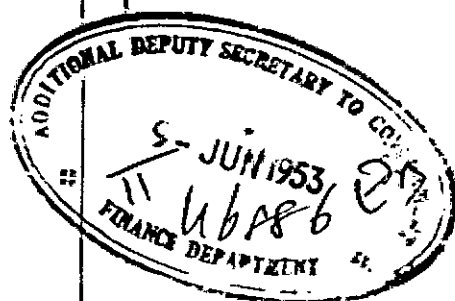

The D.I. & C. recommends the two proposals of the Sericultural Expert. The financial implication of the scheme will be Rs.10,800/- as detailed below:

1) Non-recurring .. Rs.3000 - details shown in the Statement at 'B' on p.1 c.f.

2) Recurring .. " 7,800 - Details shown in the statement at 'A' on p.2 c.f.

As the scheme of starting addl. centres in Silk reeling is intended to develop the production of silk yarn on improved lines as a cottage industry, this Dept. may accept the recommendation of the D.I. & C. A draft Order is submitted for approval.

Dev. and Fin. may see for acceptance.

The D. J. & C. has proposed the opening of additional production cum training centres for silk reeling at a cost of Rs. 3000 non-securing and Rs. 7,800 securing. Development agree to the proposal of the D. Fin. The expenditure involved in opening 10 centres per year is Rs 3000 non recurring and Rs 7800 recurring. If the cost is to be reduced, the centres might be reduced to 5 from 10 and the recurring cost will be only Rs 3900 and the non recurring cost Rs 1500 only. The total expenditure for one year will then be Rs 5400/only.

THIS AGREEMENT entered into this day of
One Thousand Nine Hundred and Fifty Three between
 party
of the first part and His Excellency the GOVERNOR OF MADRAS
of the second part.

WHEREAS the Government of Madras (hereinafter called "the Government") have sanctioned the starting of certain Charka Silk Production Units;

and WHEREAS the party of the first part has agreed to take over the management of one such Unit located at

And WHEREAS the party of the first part has agreed to take on loan Silk Testing accessories more particularly described in the Schedule hereunder written, for a period of one year.

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:-

- (1) The party of the first part hereby agrees with the Government.
- (1) To admit in his production Unit not less than five reelers and two cooks who will be nominated by the Sericultural Expert, Kollegal, on behalf of the Government and to train them for a period of six months.
- (2) To take in fresh trainees at the end of each period of six months; during the said period of one year, ie, to train two batches of trainees each batch consisting of not less than five reelers and ²/₂ cooks, who will be nominated as aforesaid and paid as indicated in sub-clauses (3) and (4), below:
- (3) To pay to the reelers and cooks so admitted as herein before provided during the second two months of their training the sum of Rs.10/- and Rs.7-8-0 respectively per month in addition to the amount that may be paid by the Government to each reeler and cook.
- (4) To pay to the said reelers and cooks during the last two months of their training, regular wages on the same scale

as that paid to other similar workmen in the locality.

(5) To maintain proper accounts of the stipends paid by Government and the party of the first part to the trainees and the silk produced and sold by the party of the first part.

(6) At all times to allow the officers of the Government to supervise the training or to scrutinise the accounts relating to the working of the Unit or do both.

(7) To follow the instructions given by the Expert deputed by the Government regarding the silk to be reeled on the charkas and the methods of reeling the same.

(8) To keep the said accessories described in the Schedule hereunder written, in good order and condition subject only to fair wear and tear and to return forthwith all or any of them when so demanded.

(9) To give the following property as security against damages to accessories loaned to him.

(Here enter items of security to be taken from ~~loanee~~ *the party of the first part*)

(10) To return to the Government the accessories described in the Schedule hereunder written in good condition at the end of one year, if the loanee does not choose to purchase them at the rates then prevailing.

(II) The Government hereby agree:-

(1) To provide from time to time such technical advice as may be necessary for the proper running of the Unit.

(2) To pay to the reelers and cooks admitted in the Unit a monthly stipend of Rs.20/- for each reeler and Rs.15/- for each cooker in the first two months of his training and of Rs.10/- for each reeler and Rs.7-8-0 for each cooker during the second two months of his training.

III. PROVIDED ALWAYS AND IT IS HEREBY AGREED AND DECLARED BY AND BETWEEN THE PARTIES HERETO that if the party of the first part fails and neglects to perform and observe all or

(or)

any of the covenants and conditions hereinbefore contained or uses the accessories for purposes other than those for which they were issued or sells any of the machinery without utilising them for production of silk or sells the silk at rates higher than those prescribed by any commodity control orders that may be in force. ^(a) It shall be lawful for the Government in addition to initiating action for any violation of the provisions of any such order in force ^{respect} in ~~relation~~ of the machinery or finished silk involved, to recover the amount due from the party of the first part from the property tendered as security under clause I(9) above and other funds of the party of the first part as if the said amount were an arrear of land revenue; and

(b) ^(a) The Government will have power to enter into the premises of the party of the first part and to recover and take possession of all the machinery, tools, appliances and raw materials hired or supplied by ^{the} Government hereunder or to recover the value thereof from the party of the first part as if the said amount were an arrear of land revenue.

IV
Government (b) Notwithstanding anything hereinbefore contained the Governor may at any time after ninety days notice in writing to that effect ^(d) to terminate this agreement and cease further aid to the party of the first part but without prejudice to any of the remedies of ^{the} Government above referred to in respect of any breach hereof by the party of the first part and upon such termination, the party of the first part shall deliver upto ^{the} Government in good working order and condition all the ~~and~~ aforesaid ^m machinery, equipment and articles and all the unused raw materials such as aforesaid.

IN WITNESS WHEREOF (1)

THE party of the first part and, (2)
